### **MODEL 34590 INSTRUCTIONS FOR USE:**

- 1 Plug RV outlet into RV protection device receptacle.
- 2 Orient slots in hasp half shells to accommodate cord.
- 3 Mate hasp half shell #1 to #2 by lining up the locking tabs with the mating slots and sliding the shells together until they click.
- 4 Secure the hasp using an appropriate padlock.
- 5 To remove lock hasp push in the two locking tabs.
