

TRIPOD CAMPER JACKS

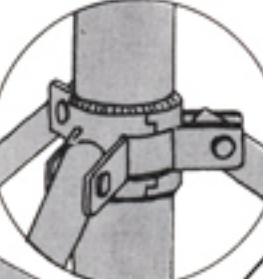

Won't Slip Off Crank
Free floating grip handle for easy, comfortable cranking.

GEARS AND BEARINGS
Gears...Large, stronger, full 18 tooth gears for added strength and durability.
Bearings...3 permanently lubricated guide bearings plus one master thrust bearing.

CONSTRUCTION
Strong, electronically controlled welds give added strength, yet maintain a neat appearance.

STABILITY
Extra strong 3-leg tripod plus large area pads minimize soft, "sink-in" problems"

DURABILITY
Heavy bright plating for maximum corrosion resistance.

SPECIFICATIONS
Minimum height is 38"
Maximum height is 60"

Heavy Duty
2000 lb. capacity
per jack

Standard
1000 lb. capacity
per jack

The **Titan Camper Jack** is precision engineered for long life and troublefree operation. Its rugged, all-steel construction is built to take it. It handles easily, is neat in appearance, and, when folded, the tripod presents a compact package for easy storing.

Model	Capacity Per Jack	Tripod Base Area	Actual Weight	Shipping Weight*
Standard	1000 lbs.	182 sq. in.	62 lbs	65 lbs
Heavy Duty	2000 lbs.	282 sq. in.	90 lbs	95 lbs
