

## FEATURES & BENEFITS

# DOMETIC 300 SERIES GRAVITY-FLUSH TOILETS

The choice  
is yours!

This smart range of 300 Series lightweight gravity-flush toilets are designed specifically for RVs in an attractive residential-style. All waste is efficiently removed via a powerful, triple-jet action foot pedal flush, and the adjustable water level makes economic and ultra-hygienic sense. All Dometic 300 / 310 and 320 series toilets are Upgrade Ready (fit 10-inch rough in), and use very little water at one pint (.13 gal / .5 L) per flush.

### KEY BENEFITS

- Replace ball seal without removing toilet
- 2-year parts & labor
- Industry leader, made in the U.S.A.
