

SAFETY DATA SHEET

Quick Roof Extreme

1. IDENTIFICATION

Product Name	Quick Roof Extreme
Recommended use of the chemical and restrictions on use	
Identified uses	Hot melt adhesive for tapes
Restrictions on use	Industrial use only
Company Identification	Cofair Products, Inc. 6135 Monroe Ct. Morton Grove, IL 60053
Customer Information Number	(847)626-1500
Issue Date	November 21, 2016
Supersedes Date	February 28, 2004

Safety Data Sheet prepared in accordance with OSHA's Hazard Communication Standard (29 CFR 1910.1200) and the Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

2. HAZARD IDENTIFICATION

Hazard Classification
This product is classified as not hazardous in accordance with the Globally Harmonized System of Classification and Labelling (GHS).

Label Elements
Hazard Symbols
None

Signal Word: None

Hazard Statements
None

Precautionary Statements Prevention
None

Response
None

Storage
None

Disposal
None

Other Hazards
Contact with molten material may cause thermal burns. This product is sold as a solid and does not present an immediate health or physical hazard. See Section 7 for handling instructions during processing.

Specific Concentration Limits

The values listed below represent the percentages of ingredients of unknown toxicity.

Acute oral toxicity	<1%
Acute dermal toxicity	<1%
Acute inhalation toxicity	25 - 35%
Acute aquatic toxicity	80 - 90%

3. COMPOSITION/INFORMATION ON INGREDIENTS**Synonyms:**

This product is a mixture.

Component	CAS Number	Concentration
Polymers and resins	NA	65 - 75%
Distillates, petroleum, hydrotreated heavy naphthenic	64742-52-5	10 - 20%

4. FIRST-AID MEASURES**Description of necessary first-aid measures****Eyes**

As supplied: Immediately flood the eye with plenty of water. Obtain medical attention if symptoms persist.
If hot: Flush with cool water. Treat as wax or resin burn. Do not attempt to remove solidified material.
Obtain medical attention immediately.

Skin

As supplied: Wash skin thoroughly with soap and water. Obtain medical attention if symptoms persist.
If hot: Immediately immerse or flush affected area with large amounts of cold water to dissipate heat. Cover with clean cotton sheeting and obtain medical attention immediately.

Ingestion

Obtain medical attention immediately.

Inhalation

Remove person to fresh air if symptoms occur. Seek medical attention if symptoms persist.

Most important symptoms/effects, acute and delayed

Aside from the information found under Description of necessary first aid measures (above) and Indication of immediate medical attention and special treatment needed, no additional symptoms and effects are anticipated.

Indication of immediate medical attention and special treatment needed**Notes to Physicians**

Treat symptomatically.

5. FIRE - FIGHTING MEASURES

Suitable Extinguishing Media

Water spray, carbon dioxide and dry chemical.

Specific hazards arising from the chemical May release hazardous vapors during a fire.

Special Protective Actions for Fire-Fighters

Wear full protective clothing and self-contained breathing apparatus.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Wear appropriate protective clothing.

Environmental Precautions

Prevent the material from entering drains or watercourses.

Methods and materials for containment and cleaning up

Pick up and transfer into suitable containers for recovery or disposal. If hot, allow to cool and solidify. Scrape up and transfer into suitable containers for disposal.

7. HANDLING AND STORAGE

Precautions for safe handling

If hot, avoid contact with eyes, skin and clothing. Wear thermally resistant gloves, eye protection, long sleeves and long pants. Avoid breathing vapors or mists.

Conditions for safe storage

Store away from sources of heat or ignition. Storage area should be: cool - dry - well ventilated - out of direct sunlight - away from sources of ignition (heat, sparks, flames, pilot lights) - away from incompatible materials (see Section 10). Store between 0°F and 100°F.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure limits are listed below, if they exist.

Distillates, petroleum, hydrotreated heavy naphthenic

ACGIH: 5 mg/m³ 8h TWA, inhalable fraction

OSHA: PEL 5 mg/m³ 8h TWA.

Appropriate engineering controls

Engineering methods to prevent or control exposure are preferred. Methods include process or personnel enclosure, mechanical ventilation (dilution and local exhaust), and control of process conditions.

Individual protection measures Respiratory Protection

Wear respiratory protection if there is a risk of exposure to high vapor concentrations or mists. A NIOSH approved full face respirator may be worn. The specific respirator selected must be based on the airborne concentration found in the workplace and must not exceed the working limits of the respirator.

Skin Protection

Thermally resistant gloves

Eye/Face Protection

Safety glasses, goggles or face shield

Body Protection

Longs sleeves and long legged clothing

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance**Physical State** Solid **Color** White/transparent

9. PHYSICAL AND CHEMICAL PROPERTIES

Odor	None
Odor Threshold	No data available
pH	Not applicable
Relative Density	No data available
Boiling Range/Point	>650°F
Melting Point	200°F
Flash Point	>500°F
Vapor Pressure	Nil
Evaporation Rate (BuAc=1)	Not applicable
Solubility in Water	Insoluble
Vapor Density (Air = 1)	Nil
VOC (%)	No data available
Partition coefficient (noctanol/water)	Not applicable
Viscosity	Not applicable
Auto-ignition Temperature	No data available
Decomposition Temperature	No data available
Upper explosive limit	No data available
Lower explosive limit	No data available
Flammability (solid, gas)	No data available

10. STABILITY AND REACTIVITY

Reactivity

Data is not available.

Chemical Stability

Stable under normal conditions.

Possibility of hazardous reactions

Hazardous polymerization will not occur.

Conditions to Avoid

None known

Incompatible Materials

Acids – bases – oxidizers

Hazardous Decomposition Products

Oxides of carbon – hydrocarbons

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Available data indicates this product is not expected to be acutely toxic.

Specific Target Organ Toxicity (STOT) – single exposure

Available data indicates this product is not expected to cause target organ effects after a single exposure.

Specific Target Organ Toxicity (STOT) – repeat exposure

Available data indicates this product is not expected to cause target organ effects after repeated exposure.

Serious Eye damage/Irritation

Available data indicates this product is not expected to cause eye irritation.

Skin Corrosion/Irritation

Available data indicates this product is not expected to cause skin irritation.

Respiratory or Skin Sensitization

Available data indicates this product is not expected to cause sensitization.

Carcinogenicity

Not considered carcinogenic by NTP, IARC, and OSHA.

Germ Cell Mutagenicity

Available data indicates this product is not expected to be mutagenic.

Reproductive Toxicity

Available data indicates this product is not expected to cause reproductive toxicity or birth defects.

Aspiration Hazard

Not an aspiration hazard.

12. ECOLOGICAL INFORMATION

Ecotoxicity

No relevant studies identified.

Mobility in soil

No relevant studies identified.

Persistence/Degradability

No relevant studies identified.

Bioaccumulative Potential

No relevant studies identified.

Other adverse effects

No relevant studies identified.

13. DISPOSAL CONSIDERATIONS

Disposal Methods

Dispose of in accordance with all applicable local and national regulations.

14. TRANSPORT INFORMATION

DOT CFR 172.101 Data	Not Regulated
UN Proper Shipping Name	Not Regulated
UN Class	None
UN Number	None
UN Packaging Group	None
Classification for AIR Transportation (IATA)	Consult current IATA Regulations prior to shipping by air.
Environmental Hazards	Not a marine pollutant

15. REGULATORY INFORMATION

United States TSCA Inventory

All ingredients have been verified for inclusion or are exempt from listing on the EPA Toxic Substance Control Act Chemical Substance Inventory.

California Proposition 65

This product does not contain any materials which the State of California has found to cause cancer, birth defects or other reproductive harm.

SARA Title III Sect. 311/312 Categorization

None

SARA Title III Sect. 313

This product does not contain any chemicals listed in Section 313 at or above de minimis concentrations.

16. OTHER INFORMATION

Legend

ACGIH: American Conference of Governmental Industrial Hygienists

CAS: Chemical Abstracts Service

ECHA: European Chemicals Agency

IARC: International Agency for Research on Cancer

N/A: Denotes no applicable information found or available

NTP: National Toxicology Program

OSHA: Occupational Safety and Health Administration

PEL: Permissible Exposure Limit

SDS: Safety Data Sheet

STEL: Short Term Exposure Limit

TLV: Threshold Limit Value

Revision Date: November 08, 2018

Replaces: February 28, 2004

Changes made: Updated to GHS classification.
